

RACE PACK INFORMATION 2022

It's been 3 years and we cannot wait to see you all on Friday!

Please find below all the details you need for the race – if you have any questions can you please message our Facebook page as that can be seen by the whole team. It's the fastest and best way to contact us.

Race Pack Collection:

- **Advance Race Pack Collection:** Thursday June 2nd at The Cock Inn, High St 12.30 – 3.30. Lunch is available and we advise pre-booking on 01279 718306.
- **Race Day Collection:** Friday 9 -10.30: @ race HQ on the Village Green. Please note the roads get very busy and we advise you arrive early. Refreshments are available.
- You will be given your race number & your timing chip (the foam strip) will be attached to the back of this. Please do not bend or remove it from the race number.
- You will need 4 safety pins to attach your race number to the front of your shirt.
- The event is chip timed and your race time does not start until you have crossed the start line.
- Results are calculated by Active Training World's timing partner, Event Chip Timing. Your time will be uploaded to their website within seconds of you crossing the finish line. There will be printed results displayed towards the end of the event at the event, but you can find your result immediately at: <http://results.eventchiptiming.com/>
- The chip data requires WIFI access and occasionally we have to load this data in manually after the event if the connection is lost. If you have a query on your chip time, please wait until the evening of the event before raising the query. Please note that if you are using GPS to measure your run distance the units are NOT accurate and consistent enough to measure a course for certification.
- The course has been officially measured and holds an international certificate of course accuracy. Please read the guidance below. <http://coursemeasurement.org.uk/gps.htm> In addition, the time you record on your smart phone is not a reliable guide and will not be your correct chip timed result. Please wait until the official results are published to find out your accurate finish time.
